

# IPS "VALUABLE" PROMOTION

## Best-in-Class Intrusion Detection and Prevention

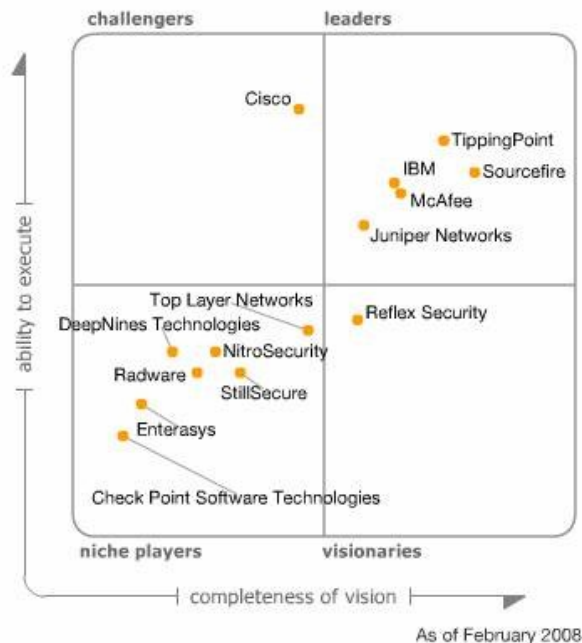

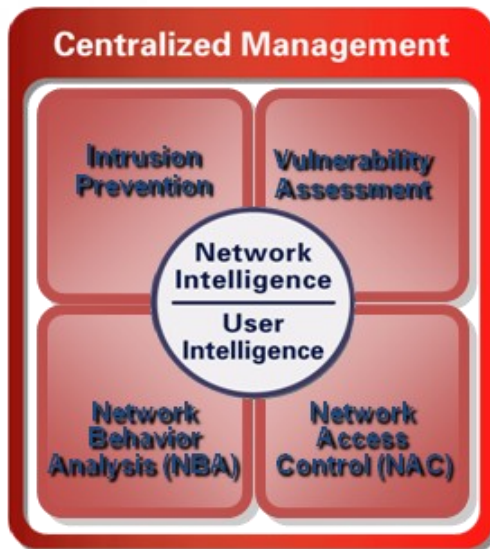

Built on the legacy of the award-winning SNORT® rules-based detection engine, Sourcefire IPS uses a powerful combination of vulnerability and anomaly-based inspection methods-at throughputs and line speeds up to 10Gbps-to analyze network traffic and prevent critical threats from affecting your network. Whether deployed at the perimeter, in the DMZ, in the core, or at critical network segments, and whether placed in inline or passive mode, Sourcefire's easy-to-use IPS appliances provide comprehensive threat protection. Sourcefire IPS excels with extensive analytics, powerful reporting and unrivaled scalability.

### Unbeatable offer in town!

**Purchase any model of Sourcefire 3D system appliance together with 2-Year Maintenance & get a FREE Installation**

**Enjoy this offer only from Secure Source Distribution**
